Cindy Chang
Design Technologist

About Me

I have experience with UX Design and Front-end development and love to tackle both to create meaningful product and web experiences.

Experience

Senior UX Designer → Senior Design Technologist (Elastic)

2023 - present

- Part of the platform UX team, working on company-wide products such as Onboarding, Serverless and Docs.
- Ideate and create through the entire design process from wireframing to user research to implementing UI in code.

Senior UX Engineer (Backbase)

1/2022 - 5/2022

- Part of the Design System team, leading best practices and governance within different disciplines, ensuring alignment with design and development in code and Figma.

Front-End / UX Developer (Creative Fabrica)

2019-2021 - Netherlands

- Front-End development for migrating existing Wordpress site to React and creating new projects in React, NextJS and Typescript.
- Maintaining, building and improving main corporate site's front end and building new UX elements in JavaScript, HTML5 and SASS.
- Worked closely with stakeholders, designers and backend developers to build and modify existing features on the site.

Design & Web Development (Domino Data Lab)

2016-2018 - New Orleans

- Lead Creative for the Marketing team, working closely with major stakeholders to create web and graphic solutions for a scaling startup.
- Designed, developed and maintained main corporate website, blog and event websites run on Jekyll and Wordpress.
